TRAINEE POLISHER

This is an exciting opportunity to be part of our growing organisation working within our polishing shop alongside our team of 3 polishers.

Axiom Process is an hygienic stainless steel fabricator specialising in the design and manufacture of membrane filtration systems, process components and tube and pipe fittings. The company which currently employs 36 personnel, operates from a 10,000 ft² factory based in Hendy, near Swansea provides engineering expertise primarily to the pharmaceutical, food and beverage industries.

This position offers good growth prospects and the opportunity to learn:

- A variety of techniques to be able to produce surface finishes in line with customer requirements
- Finishing (grinding) of stainless steel components, generally unique fabrications or small batches
- Other skills involved in high quality polishing work

Duties would include:

Assisting with the polishing operation.

Cleaning and keeping the polishing shop tidy.

Maintaining stocks of polishing consumables.

Hours: 37.5 hours Monday-Thursday 8.00 a.m. – 4.30 p.m.
Friday 8.00 a.m. - 3.15 p.m.

Salary Depending on Experience

Application by CV to Rebecca.howard@axiumprocess.com
